Christina,

I met with Alex Dunn today. I will be developing her remarks for the panel. She is not clear on which panel she will be a part of. My guess is she will be part of the Identifying PFAS in Your Community panel? Is that correct.

Also, I assume time/format, etc will be discussed when you set up a pre-meeting for the panel. However, if you have anything to share in advance please let me know.

Thanks.

Thank you for offering to coordinate or speak at EPA's PFAS National Leadership Summit.

To prepare for the meeting, EPA's OGWDW will be scheduling pre-meetings for each of the panels in the next week.

For entities that have confirmed speaking for another party (e.g. industry/state/utility) please let me know if you prefer for EPA coordinate with them directly. Also, if you have any major conflicts in the next week, please let us know.

Thank you.
